Application accepted for ORFEUS Community Project Support Grant

Dear [REDACTED],

your application for the **Community Project Support Grant** was positively evaluated by the ORFEUS Executive Committee. ORFEUS would like to provide a grant of **3,000 Euros** to support the event:

“Seismic Anisotropy, Heterogeneity and Dynamics of the Lithosphere-Asthenosphere System – ADLAS 2026, May 25-29 (Czech Republic)”

as described in your application. The grant is awarded under the following conditions:

1. The grant recipient [REDACTED] and the institution (Institute of Geophysics of the Czech Academy of Sciences, hereinafter **IG CAS Prague**) commit to:
 - a. including ORFEUS as sponsor of the organised event, acknowledged with logo within the various documents;
 - b. making the proceedings (e.g., presentations, recordings, summary documents) of the funded event openly available to the scientific community, as described in the application;
 - c. including/discussing ORFEUS products/presentations/activities in the actual event if/as appropriate;
 - d. allowing ORFEUS to link the proceedings on the ORFEUS website and/or ReadTheDocs;
 - e. providing basic statistics about the event in coordination with ORFEUS: e.g., number of participants, countries of affiliation, career stage, background, etc.
2. The applicant and the institution are aware and accept that the awards will be announced on the ORFEUS website and/or ReadTheDocs, including the name, surname and affiliation of the recipient, and a short event description.
3. The grant will be used, without overheads, to support (partial) waiving of the participation fee (that includes travel/accommodation/subsistence/exploitation costs) of selected ECR participants.
4. The start date of the grant is **01 March 2026**. The funds will be transferred to the institution (**IG CAS Prague**) in one single payment within 20 days of receipt of demand on the transfer of the funds (invoice to ORFEUS by **IG CAS Prague**).

In order to accept the grant award and its conditions, please return this letter (signed and scanned PDF, or digitally signed PDF) by email to [REDACTED] signed by the recipient [REDACTED] and the representative of the institution (**IG CAS Prague**).

Yours sincerely,

[REDACTED] 

[REDACTED] ORFEUS [REDACTED]
