

CD Genomics

The Genomics Services Company

# CD GENOMICS QUOTATION

## SERVICE

Genomic Sequencing | Transcriptomic Sequencing | Epigenomic Sequencing  
Metagenomic Sequencing | SNP Genotyping | PacBio Sequencing | Microarray

# QUOTATION

Issued Date: 03/12/2026

## Issued To

Centre of Plant Structural and Functional Genomics  
Institute of Experimental Botany, v. v. i. (IEB)  
Šlechtitelů 31  
783 71 Olomouc - Holic  
Czech Republic

## Issued By

Project Manager  
**CD Genomics**  
SUITE 111, 17 Ramsey Road,  
Shirley, NY 11967, USA  
**Tel:** 1-631-338-8059  
**Email:** [ngs@cd-genomics.com](mailto:ngs@cd-genomics.com)

Expiration Date: 06/11/2026

## Sequencing

QUOTE NUMBER

**CGBDYZ202603123**

## Pricing

Description of Service	Unit Price	Qty	Subtotal
Hi-C library preparation (1 evaluation library + 1 full library) + Illumina PE150 sequencing (~220 Gb)	\$2,350	1	\$2,350
Total Cost for Project:			\$2,350

## Service Description

Service Type	High Throughput Sequencing
Sample Type	Maize leaf tissue
Sample Number	1
Turnaround Time	~6-8 weeks

## NOTE

---

1. Multiplexing is performed to the best of CD Genomics' ability to ensure relatively even data distribution amongst samples, but even data distribution is not guaranteed.
  2. Additional charges may apply for customized data analyses and will be communicated to the client prior to work being performed.
  3. Client is responsible for all shipping costs (unless otherwise stated). We will not assume liability for any loss incurred during shipment of starting material, during project execution, or during shipment of deliverables.
  4. Please inform us prior to shipping and provide tracking number.
  5. If the starting material meets our criteria, for concentration, amount, integrity, expected sizes, and overall purity, CD Genomics will proceed with library preparation. If starting material does not meet our aforementioned criteria, CD Genomics will contact the Client before proceeding. CD Genomics does not guarantee the final data quality of client's self-prepared library.
  6. All data will be deleted 60 days after delivered to the customer. Please contact CD Genomics for the associated costs to retain data beyond the 60-day period.
  7. Clients have 15 days from data receiving day to evaluate the integrity of data (NGS raw data and results). Any bioinformatics consultation, missing data, analysis or corrupted files should be notified to CD Genomics within 15 days. After 15-day period, further data analysis or bioinformatics consultation requests will require a new quote and invoiced separately.

### Placing an order

All transactions are settled in US dollar. We require 50% prepayment or a purchase order to initiate the project. For an urgent order, you can **sign the quote** and return to us in the PDF format. Your signature is legally binding and indicates you agree on the terms written in the quote. We will handle the order once we receive it.

You can also place an order by credit card (**Visa or Master Card only**). Please call us at 1-631-275-3058 or use our online system (<https://www.cd-genomics.com/order-online.html>) to offer the credit card info, referring the final quotation number

# CD GENOMICS

## TERMS AND CONDITIONS FOR PROVISION OF SERVICES

### 1. Governing Provisions.

CD Genomics ("CD GENOMICS") that is processing this order for purchase of services (the "Services") agrees to provide to Client certain services identified and agreed upon by the parties expressly conditional on Client's assent to the terms and conditions contained herein. Client agrees that the terms of Client's purchase order or any other document supplied by Client to CD GENOMICS shall not be of any force or effect, except to the extent CD GENOMICS agrees in writing thereto. These Terms and Conditions, including all writings incorporated herein by reference, any quotation issued to Client by CD GENOMICS, and those specific terms of a purchase order or other document (e.g., a work order) that are either consistent with these conditions or expressly agreed upon by CD GENOMICS in writing, constitute the entire contract between the Client and CD GENOMICS (the "Services Agreement"), and supersede all prior agreements and understandings between the parties, whether written or oral, relating to the subject matter hereof. In the event of a conflict, a quotation takes precedence over the Terms and Conditions, and a written contract signed by both parties takes precedence over either. If one or more of these Terms and Conditions are held to be invalid, illegal, or unenforceable by a court of competent jurisdiction, the remaining Terms and Conditions shall be unimpaired. For purposes of the Services Agreement, "Deliverables" means (a) Data (defined below) generated by CD GENOMICS as a direct result of the performance of the Service; and/or (b) materials made by CD GENOMICS pursuant to the Services Agreement derived and/or made from Client Materials (defined below), and in each case as may be delivered to the Client.

### 2. Standard of Performance.

All Services will be performed using due care in accordance with (a) the Services Agreement and (b) generally prevailing industry standards applicable to such Services. A good faith effort to start and complete all Services on time will be made, and Client will be notified if CD GENOMICS determines that there are likely to be substantial delays. CD GENOMICS expressly guarantees to perform all its procedures with professional diligence, and strives to perform quality work acceptable to all its Clients. Should quote proposal and study scope not align with Client's expectations, it is the Client's responsibility to notify CD GENOMICS in writing of any changes to this proposal prior to initiation of the project.

CD GENOMICS is only responsible for performing services as outlined in this quote, unless other agreed upon in writing by CD GENOMICS and Client.

### 3. Changes.

Changes to the Services Agreement must be in writing and signed by authorized representatives of CD GENOMICS and Client. If such changes result in an increase in the cost of the Services or affect the projected completion date of the Services (or portions thereof), the fee and/or completion date(s) shall be adjusted to a degree commensurate with such changes. Cancellation of Services in progress will result in a partial charge commensurate with the percentage of work completed at the time of cancellation, in addition to any approved expenses not cancelable at the time of termination which are actually incurred prior to termination, or other termination or cancellation charges described in the Services Agreement.

### 4. Materials and Information.

Client will provide CD GENOMICS with sufficient amounts of Client's information and materials such as cells, compounds, samples, or other substances needed to perform the Services ("Client Materials"), as well as comprehensive data or information concerning the stability, storage and safety requirements of such Client Materials needed by CD GENOMICS to perform the Services. Unless otherwise agreed in writing, CD GENOMICS will use Client Materials in accordance with the Services Agreement and only in the performance of Services for the benefit of the Client. Unless otherwise requested by the Client, upon completion of the Services any remaining Client Materials will be destroyed. CD GENOMICS will not use the Client Materials, nor make chemical or genetic modification to the Client Materials, or attempt to determine the structure of Client Materials, except as may be agreed upon in a separate writing. CD GENOMICS will not transfer or provide Client Materials, in whole or in part, to any third party, other than a subcontractor, without the Client's prior written approval. CD GENOMICS shall comply to the best of its knowledge in all material respects with all applicable laws and governmental rules and regulations which are applicable to its use of the Client Materials, and with any written safety precautions as provided by the Client and accepted by CD GENOMICS.

### 5. Client's Use of Products.

All CD GENOMICS products including polyclonal antibodies, monoclonal antibodies from all species, recombinant monoclonal antibodies, single-domain antibodies, bi- or tri-specific antibodies, BiTEs, immunotoxins, therapeutic antibodies and proteins, antibody-like molecules, such as affibodies, scaffolds, monobodies, etc., hybridoma cell lines, biosimilars, stable cell lines, CAR, ELISAs, lateral flows, compounds, compound libraries, and other kits and assays are supplied for research use only. The Products are not intended for pharmaceutical development, diagnostic, therapeutic or any in vivo use. The Client is strictly prohibited from using, sequencing or analyzing a product or a portion thereof to learn the respective design, sequence, construction, composition, operation or to reverse engineer, produce a copy or an improved version of the product or a functional similar material. In particular, the Client agrees that the sequences of antibodies in any CD GENOMICS products shall not be publicized in any occasions without written permission from CD GENOMICS. The Client agrees not to transfer the products [including the sequences of any part] to any third party in any form and method without the prior written permission of the CD GENOMICS.

The Client is solely liable to ensure compliance with any regulatory requirements related to the Client's use of Products. If the product is to be used in a clinical setting for the purpose of patient screening or monitoring of a therapeutic product or drug, a Clinical Monitoring License is required. If the product is used as a component in an in vitro diagnostic (IVD) assay and the IVD assay becomes FDA approved, CE marked or other equivalent diagnostic approval, an In Vitro Diagnostic License is required.

The Products may not be resold, modified for resale or used to manufacture commercial products without prior written approval from CD GENOMICS.

### 6. Intellectual Property.

Except as set forth otherwise in the Services Agreement, Client shall be the exclusive owner of and shall have title to all documentation, information, records, specimens or other work product supplied by Client and/or generated by CD GENOMICS as a direct result of the performance of the Services ("Data"). Unless otherwise agreed in writing, CD GENOMICS will use Data in accordance with the Services Agreement and only in the performance of Services for the benefit of the Client. Upon completion of the Services CD GENOMICS will maintain a file of the Data for a period of no less than one (1) year. CD GENOMICS and Client shall agree that all pre-existing intellectual property remains the property and either party shall have no right or license to it ("Background IP"). Nothing herein shall be regarded as an express or implied transfer or license of a party's Background IP. CD GENOMICS is the sole and exclusive owner of all right, title and interest in and to all intellectual property claiming or covering CD GENOMICS technology.

## **7. Confidentiality.**

During performance of the Services and for three (3) years thereafter, CD GENOMICS will treat all Data as proprietary and confidential and will not disclose the same to any person except its employees, consultants, and subcontractors to whom it is necessary to disclose the Data for purposes of providing the Services. CD GENOMICS shall protect the Data by using the same degree of care as CD GENOMICS uses to protect its own confidential information, but in any event no less than a reasonable degree of care. Notwithstanding any other provisions herein, CD GENOMICS shall have no liability or obligation to Client for, nor be in any way restricted in, its disclosure or use of any Data which (a) is already known to CD GENOMICS without obligation of confidentiality to Client; (b) is or becomes publicly known by any means other than wrongful act of CD GENOMICS; (c) is received from a third party without such party's breach of obligation of confidentiality to Client; (d) is disclosed pursuant to an enforceable order of a court or administrative agency; and/or (e) is independently developed by or for CD GENOMICS. Client acknowledges that, notwithstanding anything to the contrary herein, CD GENOMICS shall be free to disclose Data, provided that in so doing CD GENOMICS never attributes or otherwise associates any such data with Client.

## **8. Payments.**

The Client shall pay CD GENOMICS according to CD GENOMICS invoice(s). CD GENOMICS shall invoice the client following payment schedules described in the quotation. The payment terms is 30 days, otherwise differently requested in the invoice. All payments due hereunder shall be made in the currency specified by CD GENOMICS in writing. If Client defaults in any payment when due, CD GENOMICS, at its option and without prejudice to its other lawful remedies, may delay performance, defer delivery, charge interest on undisputed amounts owed, and/or terminate the Services Agreement. If payment is not received by the due date, a service charge will be added at the rate of 1.5% per month (18% per year) or the maximum legal rate, whichever is less, to unpaid invoices from the due date hereof. If CD GENOMICS is compelled to bring suit to collect amounts due hereunder, it shall also be entitled to recover interest on amounts due as provided by law and reasonable attorney fees and costs of suit incurred in connection with the action. Client's acceptance of delivery of any Service based on this Service Agreement shall constitute a representation that Client is solvent.

## **9. Indemnity.**

The Client shall defend and indemnify CD GENOMICS and its affiliates, directors, officers, employees, representatives, consultants, agents and service providers (collectively, the "Company Indemnified Parties"), against any and all costs, damages, expenses (including reasonable legal fees) and losses suffered by any Company Indemnified Party in connection with any third party action, assessment, claim, demand, proceeding or suit to the extent arising or resulting from (a) the Client's negligence or willful misconduct; (b) the Client's breach of this Agreement; or (c) CD GENOMICS' use, or alleged use, in the performance of the Services in the conduct of the Project, of any Client Background Intellectual Property, Client Provided Materials or Client Provided Material Information licensed or provided by the Client to CD GENOMICS for the purpose of performing the Services in the conduct of the Project.

## **10. Limited Warranty.**

The Services Agreement (Quote) is a contract for services. CD GENOMICS's sole warranty with respect to the Services is that CD GENOMICS will perform all Services in accordance with the standard of performance set forth in Section 2 above. Client shall notify CD GENOMICS in writing of any claim for a breach of such warranty by CD GENOMICS within one (1) month after delivery by CD GENOMICS of the last-to-deliver Deliverable relating to such Services. The sole remedy of Client for breach of such warranty shall be to require CD GENOMICS to re-perform the Services (or such portion thereof as may reasonably be required to be re-performed), and, in such event CD GENOMICS shall diligently pursue the re-performance of the Services or portions thereof until completion, or, if CD GENOMICS cannot re-perform the Services (or such portion) in accordance with this limited warranty, then it shall refund amounts paid by the Client for the applicable Service giving rise to the breach of warranty.

TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT SHALL CD GENOMICS BE LIABLE UNDER ANY LEGAL THEORY (INCLUDING BUT NOT LIMITED TO CONTRACT, NEGLIGENCE, STRICT LIABILITY OR WARRANTY OF ANY KIND) AS A RESULT OF CD GENOMICS' FAILURE TO PERFORM THE SERVICES IN ACCORDANCE WITH THIS WARRANTY FOR ANY DIRECT, INDIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL, OR EXEMPLARY DAMAGES, EVEN IF CD GENOMICS HAD NOTICE OF THE POSSIBILITY OF SUCH DAMAGES. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE WARRANTY SET FORTH IN THIS SECTION IS IN LIEU OF ANY AND ALL OTHER WARRANTIES RELATING TO THE SERVICES, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, CUSTOM, TRADE, QUIET ENJOYMENT, ACCURACY OF INFORMATIONAL CONTENT, OR SYSTEM INTEGRATION, OR THAT THE USE OR SALE OF DELIVERABLES OR INFORMATION PROVIDED HEREUNDER WILL NOT INFRINGE OR MISAPPROPRIATE ANY THIRD PARTY INTELLECTUAL PROPERTY RIGHT. TO THE MAXIMUM EXTENT PERMITTED BY LAW, CD GENOMICS' LIABILITY TO CLIENT FOR BREACH OF ANY TERMS AND CONDITIONS OF THE SERVICES AGREEMENT (OTHER THAN ANY BREACH OF THE WARRANTY CONTAINED IN THIS SECTION IN RESPECT OF WHICH ANY LIABILITY SHALL BE LIMITED TO RE-PERFORMANCE OR REFUND AS SPECIFIED HEREIN) SHALL BE LIMITED TO DAMAGES (OTHER THAN INDIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL, OR EXEMPLARY DAMAGES) IN AN AMOUNT NOT TO EXCEED THE FEE PAID OR TO BE PAID BY CLIENT TO CD GENOMICS IN CONNECTION WITH THE SERVICES.

## **11. Termination.**

CD GENOMICS may terminate the Services Agreement in the event that (a) the Client breaches or fails to comply with any material provision of the Services Agreement and, where the breach or failure is capable of being remedied, fails to remedy the breach or failure to the satisfaction of CD GENOMICS within fifteen (15) days of receiving written notice thereof; (b) in the event CD GENOMICS has agreed to procure from a third party non-standard or custom Client Materials specifically for use in the performance of Services and CD GENOMICS is unable to reach agreement with such third party on the terms and conditions of such procurement, or the third party is unwilling or unable to provide the Client Materials for reasons beyond CD GENOMICS' reasonable control; or (c) in the event that any of the following actions occur in relation to the Client: an order is made for the winding up of the Client; a receiver or receiver and manager of any property of the Client is appointed; a provisional liquidator of the Client is appointed; the Client is or is deemed by law to be unable to pay its debts; the Client makes any arrangement or compromise with its creditors or members or with any class of its members or creditors; and/or the Client ceases to carry on its business in the areas necessary for the performance of its obligations under the Services Agreement.

## **12. Choice of Law and Jurisdiction.**

This Quotation shall be governed by and construed in accordance with the laws of the State of NY, U.S.A. Any litigation or other dispute resolution between the parties relating to this Quotation shall take place in the U.S. District Court where CD GENOMICS is registered. The parties consent to the personal jurisdiction of and venue in the state and federal courts within the State of NY.
