Dear Mila,

Thank you for your follow up.

Once prepayment has been received you may then work directly with our Customer Service team to provide a copy of your import permit and place your order. At that time Customer Service will immediately check our animal availability and provide you with the first available delivery date.

Kindly advise if you are in need of anything further at this time.

Best regards, Emily

EXTERNAL EMAIL

Dear Emily,

Please at the beginning of August 2017 I received the mice from TACONIC USA- item number 11585.

The animals were ordered for my customer Ass. Prof. Radislav Sedlacek from Inst. of Molecular Genetics CAS in Prague

Institute is non-profit company.

And the order went through TACONIC Europe, Denmark (Customer Service – Lisbeth). Prepayment went to TACONIC USA.

There was a little confusion about the payment.

So I am asking if I can put new order of the mice right to TACONIC USA.

In this case, please, be so kind and send me the quote:

10 M and 10 F Humanized CAR mice 11585, 5 weeks of age. Shipment to Prague, Czech Republic, EU:

Thank you very much

Kind regards
