To be eligible, the *direct costs* of the *action* must comply with the eligibility conditions set out in Article II.19.1.

In particular, the following categories of costs are eligible *direct costs*, provided that they satisfy the eligibility conditions set out in Article II.19.1 as well as the following conditions:

- (a) the costs of personnel working under an employment contract with the beneficiary or an equivalent appointing act and assigned to the *action*, provided that these costs are in line with the beneficiary's usual policy on remuneration.

Those costs include actual salaries plus social security contributions and other statutory costs included in the remuneration. They may also comprise additional remunerations, including payments on the basis of supplementary contracts regardless of the nature of those contracts, provided that they are paid in a consistent manner whenever the same kind of work or expertise is required, independently from the source of funding used.

The costs of natural persons working under a contract with the beneficiary other than an employment contract or who are seconded to the beneficiary by a third party against payment may also be included under such personnel costs, provided that the following conditions are fulfilled:

- (i) the person works under conditions similar to those of an employee (in particular regarding the way the work is organised, the tasks that are performed and the premises where they are performed);
 - (ii) the result of the work belongs to the beneficiary (unless exceptionally agreed otherwise); and
 - (iii) the costs are not significantly different from the costs of staff performing similar tasks under an employment contract with the beneficiary;
- (b) costs of travel and related subsistence allowances, provided that these costs are in line with the beneficiary's usual practices on travel;
- (c) the depreciation costs of equipment or other assets (new or second-hand) as recorded in the beneficiary's accounting statements, provided that the asset:
 - (i) is written off in accordance with the international accounting standards and the beneficiary's usual accounting practices; and
 - (ii) has been purchased in accordance with Article II.10.1 if the purchase occurred within the *implementation period*;

The costs of renting or leasing equipment or other assets are also eligible, provided that these costs do not exceed the depreciation costs of similar equipment or assets and are exclusive of any finance fee;

Only the portion of the equipment's depreciation, rental or lease costs corresponding to the *implementation period* and the rate of actual use for the purposes of the *action* may be taken into account when determining the eligible costs. By way of exception, the full cost of purchase of equipment may be eligible under the Special Conditions, if this is justified by the nature of the *action* and the context of the use of the equipment or assets;

- (d) costs of consumables and supplies, provided that they:

- (i) are purchased in accordance with Article II.10.1; and
 - (ii) are directly assigned to the *action*;
- (e) costs arising directly from requirements imposed by the Agreement (dissemination of information, specific evaluation of the *action*, audits, translations, reproduction), including the costs of requested financial guarantees, provided that the corresponding services are purchased in accordance with Article II.10.1;
 - (f) costs entailed by *subcontracts* within the meaning of Article II.11, provided that the conditions laid down in Article II.11.1 (a), (b), (c) and (d) are met;
 - (g) costs of financial support to third parties within the meaning of Article II.12, provided that the conditions laid down in that Article are met;
 - (h) duties, taxes and charges paid by the beneficiary, notably value added tax (VAT), provided that they are included in eligible *direct costs*, and unless specified otherwise in the Agreement.

II.19.3 Eligible indirect costs

To be eligible, *indirect costs* of the *action* must represent a fair apportionment of the overall overheads of the beneficiary and must comply with the conditions of eligibility set out in Article II.19.1.

Eligible *indirect costs* must be declared on the basis of a flat rate of 7 % of the total eligible *direct costs* unless otherwise specified in Article I.3.2.

II.19.4 Ineligible costs

In addition to any other costs which do not fulfil the conditions set out in Article II.19.1, the following costs may not be considered eligible:

- (a) return on capital and dividends paid by the beneficiary;
- (b) debt and debt service charges;
- (c) provisions for losses or debts;
- (d) interest owed;
- (e) doubtful debts;
- (f) exchange losses;
- (g) costs of transfers from the Commission charged by the bank of the beneficiary;
- (h) costs declared by the beneficiary under another action receiving a grant financed from the Union budget. Such grants include grants awarded by a Member State and financed from the Union budget and grants awarded by bodies other than the Commission for the purpose of implementing the Union budget. In particular, if the beneficiary receives an operating grant financed by the EU or Euratom budget, it may not declare indirect costs for the period(s) covered by the operating grant, unless it can demonstrate that the operating grant does not cover any costs of the action.;
- (i) contributions in kind from third parties;
- (j) excessive or reckless expenditure;
- (k) deductible VAT.

ARTICLE II.20 – IDENTIFIABILITY AND VERIFIABILITY OF THE AMOUNTS DECLARED

II.20.1 Declaring costs and contributions

The beneficiary must declare as eligible costs or as a requested contribution:

- (a) for actual costs: the costs it actually incurred for the *action*;
- (b) for unit costs or unit contributions: the amount obtained by multiplying the amount per unit specified in Article I.3.2(a)(ii) or (b) by the actual number of units used or produced;
- (c) for lump sum costs or lump sum contributions: the global amount specified in Article I.3.2(a)(iii) or (c), if the corresponding tasks or part of the *action* as described in Annex I have been implemented properly;
- (d) for flat-rate costs or flat-rate contributions: the amount obtained by applying the flat rate specified in Article I.3.2(a)(iv) or (d);
- (e) for unit costs declared on the basis of the beneficiary's usual cost accounting practices: the amount obtained by multiplying the amount per unit calculated in accordance with the beneficiary's usual cost accounting practices by the actual number of units used or produced;
- (f) for lump sum costs declared on the basis of the beneficiary's usual cost accounting practices: the global amount calculated in accordance with its usual cost accounting practices, if the corresponding tasks or part of the *action* have been implemented properly;
- (g) for flat-rate costs declared on the basis of the beneficiary's usual cost accounting practices: the amount obtained by applying the flat rate calculated in accordance with the beneficiary's usual cost accounting practices.

II.20.2 Records and other documentation to support the costs and contributions declared

The beneficiary must provide the following if requested to do so in the context of the checks or audits described in Article II.27:

- (a) for actual costs: adequate supporting documents to prove the costs declared, such as contracts, invoices and accounting records.

In addition, the beneficiary's usual accounting and internal control procedures must permit direct reconciliation of the amounts declared with the amounts recorded in its accounting statements and with the amounts indicated in the supporting documents;

- (b) for unit costs or unit contributions: adequate supporting documents to prove the number of units declared.

The beneficiary does not need to identify the actual eligible costs covered or to provide supporting documents, such as accounting statements, to prove the amount declared per unit;

- (c) for lump sum costs or lump sum contributions: adequate supporting documents to prove that the *action* has been properly implemented.

The beneficiary does not need to identify the actual eligible costs covered or to provide supporting documents, such as accounting statements, to prove the amount declared as a lump sum;

- (d) for flat-rate costs or flat-rate contributions: adequate supporting documents to prove the eligible costs or requested contribution to which the flat rate applies.

The beneficiary does not need to identify the actual eligible costs covered or to provide supporting documents, such as accounting statements, for the flat rate applied;

- (e) for unit costs declared on the basis of the beneficiary's usual cost accounting practices: adequate supporting documents to prove the number of units declared;
- (f) for lump sum costs declared on the basis of the beneficiary's usual cost accounting practices: adequate supporting documents to prove that the *action* has been properly implemented;
- (g) for flat-rate costs declared on the basis of the beneficiary's usual cost accounting practices: adequate supporting documents to prove the eligible costs to which the flat rate applies.

II.20.3 Conditions to determine the compliance of cost accounting practices

II.20.3.1 In the case of points (e), (f) and (g) of Article II.20.2, the beneficiary does not need to identify the actual eligible costs covered, but it must ensure that the cost accounting practices used for the purpose of declaring eligible costs are in compliance with the following conditions:

- (a) the cost accounting practices used constitute its usual cost accounting practices and are applied in a consistent manner, based on objective criteria independent from the source of funding;
- (b) the costs declared can be directly reconciled with the amounts recorded in its general accounts; and
- (c) the categories of costs used for the purpose of determining the costs declared are exclusive of any ineligible cost or costs covered by other forms of grant as provided for in Article I.3.2.

II.20.3.2 If the Special Conditions so provide, the beneficiary may submit to the Commission a request asking it to assess the compliance of its usual cost accounting practices. If required by the Special Conditions, the request must be accompanied by a certificate on the compliance of the cost accounting practices ('certificate on the compliance of the cost accounting practices').

The certificate on the compliance of the cost accounting practices must be:

- (a) produced by an approved auditor or, if the beneficiary is a public body, by a competent and independent public officer; and
- (b) drawn up in accordance with Annex VII.

The certificate must certify that the beneficiary's cost accounting practices used for the purpose of declaring eligible costs comply with the conditions laid down in Article II.20.3.1 and with the additional conditions that may be laid down in the Special Conditions.

II.20.3.3 If the Commission has confirmed that the beneficiary's usual cost accounting practices are in compliance, costs declared in application of these practices may not be challenged *ex post*, if:

- (a) the practices actually used comply with those approved by the Commission; and
- (b) the beneficiary did not conceal any information for the purpose of the approval of its cost accounting practices.

ARTICLE II.21 – ELIGIBILITY OF COSTS OF ENTITIES AFFILIATED TO THE BENEFICIARY

If the Special Conditions contain a provision on entities affiliated to the beneficiary, costs incurred by such an entity are eligible, if:

- (a) they satisfy the same conditions under Articles II.19 and II.20 as apply to the beneficiary; and
- (b) the beneficiary ensures that the conditions applicable to it under Articles II.4, II.5, II.6, II.8, II.10, II.11 and II.27 are also applicable to the entity.

ARTICLE II.22 – BUDGET TRANSFERS

The beneficiary is allowed to adjust the estimated budget set out in Annex III by transfers between the different budget categories, if the *action* is implemented as described in Annex I. This adjustment does not require an amendment of the Agreement as provided for in Article II.13.

However, the beneficiary may not add costs relating to *subcontracts* not provided for in Annex 1, unless such additional *subcontracts* are approved by the Commission in accordance with Article II.11.1(d).

The first two subparagraphs do not apply to amounts which, as provided for in Article I.3.2(a)(iii) or (c), take the form of lump sums.

ARTICLE II.23 – NON-COMPLIANCE WITH THE REPORTING OBLIGATIONS

The Commission may terminate the Agreement as provided for in Article II.17.2.1(b) and may reduce the grant as provided for in Article II.25.4 if the beneficiary:

- (a) did not submit a request for interim payment or payment of the balance accompanied by the documents referred to in Articles I.4.3 or I.4.4 within 60 calendar days following the end of the corresponding reporting period; and
- (b) still fails to submit such a request within further 60 calendar days following a written reminder sent by the Commission.]

ARTICLE II.24 – SUSPENSION OF PAYMENTS AND TIME LINE FOR PAYMENT

II.24.1 Suspension of payments

II.24.1.1 Grounds for suspension

The Commission may, at any time during the implementation of the Agreement, suspend the pre-financing payments, interim payments or payment of the balance:

- (a) if the Commission has evidence that the beneficiary has committed *substantial errors, irregularities* or *fraud* in the award procedure or while implementing the Agreement or if the beneficiary fails to comply with its obligations under the Agreement;
- (b) if the Commission has evidence that the beneficiary has committed systemic or recurrent errors, *irregularities, fraud* or serious breach of obligations in other grants funded by the Union or the European Atomic Energy Community ('Euratom') awarded to the beneficiary under similar conditions and such errors, *irregularities, fraud* or breach have a material impact on this grant; or
- (c) if the Commission suspects *substantial errors, irregularities, fraud* or breach of obligations committed by the beneficiary in the award procedure or while implementing the Agreement and needs to verify whether they have actually occurred.

II.24.1.2 Procedure for suspension

Step 1 — Before suspending payments, the Commission must send a *formal notification* to the beneficiary:

- (a) informing it of:
 - (i) its intention to suspend payments;
 - (ii) the reasons for suspension;
 - (iii) in the cases referred to in points (a) and (b) of Article II.24.1.1, the conditions that need to be met for payments to resume; and
- (b) inviting it to submit observations within 30 calendar days of receiving the *formal notification*.

Step 2 — If the Commission does not receive observations or decides to pursue the procedure despite the observations it has received, it must send a *formal notification* to the beneficiary informing it of:

- (a) the suspension of payments;
- (b) the reasons for suspension;
- (c) the final conditions under which payments may resume in the cases referred to in points (a) and (b) of Article II.24.1.1;
- (d) the indicative date of completion of the necessary verification in the case referred to in point (c) of Article II.24.1.1.

The suspension takes effect on the day the Commission sends *formal notification* of suspension (Step 2).

Otherwise, the Commission must send a *formal notification* to the beneficiary informing it that it is not continuing with the suspension procedure.

II.24.1.3 Effects of suspension

During the period of suspension of payments the beneficiary is not entitled to submit any requests for payments and supporting documents referred to in Articles I.4.2, I.4.3 and I.4.4.

The corresponding requests for payments and supporting documents may be submitted as soon as possible after resumption of payments or may be included in the first request for payment due following resumption of payments in accordance with the schedule laid down in Article I.4.1.

The suspension of payments does not affect the right of the beneficiary to suspend the implementation of the *action* as provided for in Article II.16.1 or to terminate the Agreement as provided for in Article II.17.1.]

II.24.1.4 Resuming payments

In order for the Commission to resume payments, the beneficiary must meet the notified conditions as soon as possible and must inform the Commission of any progress made.

If the conditions for resuming payments are met, the suspension will be lifted. The Commission will send a *formal notification* to the beneficiary informing it of this.

II.24.2 Suspension of the time limit for payments

II.24.2.1 The Commission may at any moment suspend the time limit for payment specified in Articles I.5.2, I.5.3 and I.5.4 if a request for payment cannot be approved because:

- (a) it does not comply with the Agreement;
- (b) the appropriate supporting documents have not been produced; or
- (c) there is a doubt about the eligibility of the costs declared in the financial statements and additional checks, reviews, audits or investigations are necessary.

II.24.2.2 The Commission must send a *formal notification* to the beneficiary informing it of:

- (a) the suspension; and
- (b) the reasons for the suspension.

The suspension takes effect on the day the Commission sends the *formal notification*.

II.24.2.3 If the conditions for suspending the payment deadline are no longer met, the suspension will be lifted and the remaining period will resume.

If the suspension exceeds two months, the beneficiary may request the Commission if the suspension will continue.

If the payment deadline has been suspended because the technical reports or financial statements do not comply with the Agreement and the revised report or statement is not submitted or was submitted but is also rejected, the Commission may terminate the Agreement as provided for in Article II.17.2.1(b) and reduce the grant as provided for in Article II.25.4.

ARTICLE II.25 – CALCULATION OF THE FINAL AMOUNT OF THE GRANT

The final amount of the grant depends on the extent to which the *action* has been implemented in accordance with the terms of the Agreement.

The final amount of the grant is calculated by the Commission at the time of the payment of the balance. The calculation involves the following steps:

- Step 1 — Application of the reimbursement rate to the eligible costs and addition of the unit, flat-rate and lump sum contributions
- Step 2 — Limit to the *maximum amount of the grant*
- Step 3 — Reduction due to the no-profit rule
- Step 4 — Reduction due to improper implementation or breach of other obligations.

II.25.1 Step 1 — Application of the reimbursement rate to the eligible costs and addition of the unit, flat-rate and lump sum contributions

This step is applied as follows:

- (a) If, as provided for in Article I.3.2(a), the grant takes the form of the reimbursement of eligible costs, the reimbursement rate specified in that Article is applied to the eligible costs of the *action* approved by the Commission for the corresponding categories of costs, for the beneficiary and its affiliated entities;
- (b) If, as provided for in Article I.3.2(b), the grant takes the form of a unit contribution, the unit contribution specified in that Article is multiplied by the actual number of units approved by the Commission for the beneficiary and its affiliated entities;
- (c) If, as provided for in Article I.3.2(c), the grant takes the form of a lump sum contribution, the Commission applies the lump sum specified in that Article for the beneficiary and its affiliated entities if it finds that the corresponding tasks or part of the *action* were implemented properly in accordance with Annex I;
- (d) If, as provided for in Article I.3.2(d), the grant takes the form of a flat-rate contribution, the flat rate referred to in that Article is applied to the eligible costs or to the contribution approved by the Commission for the beneficiary and its affiliated entities.

If Article I.3.2 provides for a combination of different forms of grant, the amounts obtained must be added together.

II.25.2 Step 2 — Limit to *maximum amount of the grant*

The total amount paid to the beneficiary by the Commission may in no circumstances exceed the *maximum amount of the grant*.

If the amount obtained following Step 1 is higher than this maximum amount, the final amount of the grant is limited to the latter.

II.25.3 Step 3 — Reduction due to the no-profit rule

The grant may not produce a profit for the beneficiary, unless specified otherwise in the Special Conditions.

‘Profit’ means the surplus of the amount obtained following Steps 1 and 2 plus the total receipts of the *action*, over the total eligible costs of the *action*.

The total eligible costs of the *action* are the consolidated total eligible costs approved by the Commission for the categories of costs reimbursed in accordance with Article I.3.2(a).

The total receipts of the *action* are the consolidated total receipts established, generated or confirmed on the date on which the request for payment of the balance is drawn up by the beneficiary.

The following are considered receipts:

- (a) income generated by the *action*;
- (b) financial contributions given by third parties to the beneficiary or to an affiliated entity, if they are specifically assigned by the third parties to the financing of the eligible costs of the *action* reimbursed by the Commission in accordance with Article I.3.2(a)(i).

The following are not considered receipts:

- (a) financial contributions by third parties, if they may be used to cover costs other than the eligible costs under the Agreement;
- (b) financial contributions by third parties with no obligation to repay any amount unused at the end of the *implementation period*;
- (c) in case of an operating grant, amounts dedicated to the building up of reserves.

If there is a profit, it will be deducted in proportion to the final rate of reimbursement of the actual eligible costs of the *action* approved by the Commission for the categories of costs referred to in Article I.3.2(a)(i). This deduction will be applied on the amount calculated following Steps 1 and 2.

II.25.4 Step 4 — Reduction due to improper implementation or breach of other obligations

The Commission may reduce the *maximum amount of the grant* if the *action* has not been implemented properly as described in Annex I (i.e. if it has not been implemented or has been implemented poorly, partially or late), or if another obligation under the Agreement has been breached.

The amount of the reduction will be proportionate to the degree to which the *action* has been implemented improperly or to the seriousness of the breach.

Before the Commission reduces the grant, it must send a *formal notification* to the beneficiary:

- (a) informing it of:
 - (i) its intention to reduce the *maximum amount of the grant*;
 - (ii) the amount by which it intends to reduce the grant;
 - (iii) the reasons for reduction; and
- (b) inviting it to submit observations within 30 calendar days of receiving the formal notification.

If the Commission does not receive any observations or decides to pursue reduction despite the observations it has received, it will send a *formal notification* informing the beneficiary of its decision.

If the grant is reduced, the Commission must calculate the reduced grant amount by deducting the amount of the reduction (calculated in proportion to the improper implementation of the *action* or to the seriousness of the breach of obligations) from the *maximum amount of the grant*.

The final amount of the grant will be the lower of the following two:

- (a) the amount obtained following Steps 1 to 3; or
- (b) the reduced grant amount following Step 4.

ARTICLE II.26 - RECOVERY

II.26.1 Recovery

Where an amount is to be recovered under the terms of the Agreement, the beneficiary must repay the Commission the amount in question.

The beneficiary is responsible for the repayment of any amount unduly paid by the Commission as a contribution towards the costs incurred by its affiliated entities.

II.26.2 Recovery procedure

Before recovery, the Commission must send a *formal notification* to the beneficiary:

- (a) informing it of its intention to recover the amount unduly paid;
- (b) specifying the amount due and the reasons for recovery; and
- (c) inviting the beneficiary to make any observations within a specified period.

If no observations have been submitted or if, despite the observations submitted by the beneficiary, the Commission decides to pursue the recovery procedure, the Commission may confirm recovery by sending a *formal notification* to the beneficiary consisting of a debit note, specifying the terms and the date for payment.

If payment has not been made by the date specified in the debit note, the Commission will recover the amount due:

- (a) by offsetting it, without the beneficiary's prior consent, against any amounts owed to the beneficiary by the Commission or an executive agency (from the Union or the European Atomic Energy Community (Euratom) budget) ('offsetting');

In exceptional circumstances, to safeguard the financial interests of the Union, the Commission may offset before the due date.

An action may be brought against such offsetting before the General Court of the European Union in accordance with Article 263 TFEU;

- (b) by drawing on the financial guarantee where provided for in accordance with Article I.5.2 ('drawing on the financial guarantee');
- (c) by taking legal action as provided for in Article II.18.2 or in the Special Conditions or by adopting an enforceable decision as provided for in Article II.18.3.

II.26.3 Interest on late payment

If payment is not made by the date in the debit note, the amount to be recovered will be increased by late-payment interest at the rate set out in Article I.5.6 from the day following the date for payment in the debit note up to and including the date the Commission receives full payment of the amount.

Partial payments must first be credited against charges and late-payment interest and then against the principal.

II.26.4 Bank charges

Bank charges incurred in the recovery process must be borne by the beneficiary, unless Directive 2007/64/EC⁵ applies.

ARTICLE II.27 – CHECKS, AUDITS AND EVALUATIONS

II.27.1 Technical and financial checks, audits, interim and final evaluations

The Commission may, during the implementation of the *action* or afterwards, carry out technical and financial checks and audits to determine that the beneficiary is implementing the *action* properly and is complying with the obligations under the Agreement. It may also check the beneficiary's statutory records for the purpose of periodic assessments of lump sum, unit cost or flat-rate amounts.

Information and documents provided as part of checks or audits must be treated on a confidential basis.

In addition, the Commission may carry out an interim or final evaluation of the impact of the *action*, measured against the objective of the Union programme concerned.

Commission checks, audits or evaluations may be carried out either directly by the Commission's own staff or by any other outside body authorised to do so on its behalf.

⁵ Directive 2007/64/EC⁵ of the European Parliament and of the Council of 13 November 2007 on payment services in the internal market amending Directives 97/7/EC, 2002/65/EC, 2005/60/EC and 2006/48/EC and repealing Directive 97/5/EC.

The Commission may initiate such checks, audits or evaluations during the implementation of the Agreement and during a period of five years starting from the date of payment of the balance. This period is limited to three years if the *maximum amount of the grant* is not more than EUR 60 000.

The check, audit or evaluation procedures are considered to be initiated on the date of receipt of the letter of the Commission announcing it.

If the audit is carried out on an affiliated entity, the beneficiary must inform that affiliated entity.

II.27.2 Duty to keep documents

The beneficiary must keep all original documents, especially accounting and tax records, stored on any appropriate medium, including digitalised originals when they are authorised by their respective national law and under the conditions laid down therein, during a period of five years starting from the date of payment of the balance.

The period during which documents must be kept is limited to three years if the *maximum amount of the grant* is not more than EUR 60 000.

The periods set out in the first and second subparagraphs are longer if there are ongoing audits, appeals, litigation or pursuit of claims concerning the grant, including in the cases referred to in Article II.27.7. In such cases, the beneficiary must keep the documents until such audits, appeals, litigation or pursuit of claims have been closed.

II.27.3 Obligation to provide information

The beneficiary must provide any information, including information in electronic format, requested by the Commission or by any other outside body authorised by the Commission.

If the beneficiary does not comply with the obligation set out in the first subparagraph, the Commission may consider:

- (a) any cost insufficiently substantiated by information provided by the beneficiary as ineligible;
- (b) any unit, lump sum or flat-rate contribution insufficiently substantiated by information provided by the beneficiary as undue.

II.27.4 On-the-spot visits

During an on-the-spot visit, the beneficiary must allow Commission staff and outside personnel authorised by the Commission to have access to the sites and premises where the *action* is or was carried out, and to all the necessary information, including information in electronic format.

The beneficiary must ensure that the information is readily available at the moment of the on-the-spot visit and that information requested is handed over in an appropriate form.

If the beneficiary refuses to provide access to the sites, premises and information as required in the first and second subparagraphs, the Commission may consider:

- (a) any cost insufficiently substantiated by information provided by the beneficiary as ineligible;
- (b) any unit, lump sum or flat-rate contribution insufficiently substantiated by information provided by the beneficiary as undue.

II.27.5 Contradictory audit procedure

On the basis of the findings made during the audit, a provisional report ('draft audit report') must be drawn up. It must be sent by the Commission or its authorised representative to the beneficiary, which must have 30 calendar days from the date of receipt to submit observations. The final report ('final audit report') must be sent to the beneficiary within 60 calendar days of expiry of the time limit for submission of observations.

II.27.6 Effects of audit findings

On the basis of the final audit findings, the Commission may take the measures it considers necessary, including recovery of all or part of the payments made by it, as provided for in Article II.26.

In the case of final audit findings after the payment of the balance, the amount to be recovered corresponds to the difference between the revised final amount of the grant, determined in accordance with Article II.25, and the total amount paid to the beneficiary under the Agreement for the implementation of the *action*.

II.27.7 Correction of systemic or recurrent errors, irregularities, fraud or breach of obligations

II.27.7.1 The Commission may extend audit findings from other grants to this grant if:

- (a) the beneficiary is found to have committed systemic or recurrent errors, *irregularities*, *fraud* or breach of obligations in other EU or Euratom grants awarded under similar conditions and such errors, *irregularities*, *fraud* or breach have a material impact on this grant; and
- (b) the final audit findings are sent to the beneficiary through a *formal notification*, together with the list of grants affected by the findings within the period referred to in Article II.27.1

The extension of findings may lead to:

- (a) the rejection of costs as ineligible;
- (b) reduction of the grant as provided for in Article II.25.4;
- (c) recovery of undue amounts as provided for in Article II.26;
- (d) suspension of payments as provided for in Article II.24.1;
- (e) suspension of the *action* implementation as provided for in Article II.16.2;
- (f) termination as provided for in Article II.17.2.

II.27.7.2 The Commission must send a *formal notification* to the beneficiary informing it of the systemic or recurrent errors and of its intention to extend the audit findings, together with the list of grants affected.

- (a) If the findings concern eligibility of costs the procedure is as follows:

Step 1 — The *formal notification* must include:

- (i) an invitation to submit observations on the list of grants affected by the findings;
- (ii) a request to submit revised financial statements for all grants affected;
- (iii) where possible, the correction rate for extrapolation established by the Commission to calculate the amounts to be rejected on the basis of the systemic or recurrent errors, *irregularities, fraud* or breach of obligations, if the beneficiary:

- considers that the submission of revised financial statements is not possible or practicable; or

- will not submit revised financial statements.

Step 2 — The beneficiary has 60 calendar days from when it receives the *formal notification* to submit observations and revised financial statements or to propose a duly substantiated alternative correction method. This period may be extended by the Commission in justified cases.

Step 3 — If the beneficiary submits revised financial statements that take account of the findings the Commission will determine the amount to be corrected on the basis of those revised statements.

If the beneficiary proposes an alternative correction method and the Commission accepts it, the Commission must send a *formal notification* to the beneficiary informing it:

- (i) that it accepts the alternative method;
- (ii) of the revised eligible costs determined by applying this method.

Otherwise the Commission must send a *formal notification* to the beneficiary informing it:

- (i) that it does not accept the observations or the alternative method proposed;
- (ii) of the revised eligible costs determined by applying the extrapolation method initially notified to the beneficiary.

If the systemic or recurrent errors, *irregularities, fraud* or breach of obligations are found after the payment of the balance, the amount to be recovered corresponds to the difference between:

- (i) the revised final amount of the grant, determined in accordance with Article II.25 on the basis of the revised eligible costs declared by the beneficiary and approved by the Commission or on the basis of the revised eligible costs after extrapolation; and
- (ii) the total amount paid to the beneficiary under the Agreement for the implementation of the *action*;

(b) If the findings concern improper implementation or a breach of another obligation the procedure is as follows:

Step 1 — The *formal notification* must include:

- (i) an invitation to the beneficiary to submit observations on the list of grants affected by the findings and

- (ii) the correction flat rate the Commission intends to apply to the *maximum amount of the grant* or to part of it, according to the principle of proportionality.

Step 2 — The beneficiary has 60 calendar days from receiving the *formal notification* to submit observations or to propose a duly substantiated alternative flat-rate.

Step 3 — If the Commission accepts the alternative flat rate proposed by the beneficiary, it must send a *formal notification* to the beneficiary informing it:

- (i) that it accepts the alternative flat-rate;
- (ii) of the corrected grant amount by applying this flat rate.

Otherwise the Commission must send a *formal notification* to the beneficiary informing it:

- (i) that it does not accept the observations or the alternative flat rate proposed;
- (ii) of the corrected grant amount by applying the flat rate initially notified to the beneficiary.

If the systemic or recurrent errors, *irregularities*, *fraud* or breach of obligations are found after the payment of the balance, the amount to be recovered corresponds to the difference between:

- (i) the revised final amount of the grant after flat-rate correction; and
- (ii) the total amount paid to the beneficiary under the Agreement for the implementation of the *action*.
