§ 1

INTRODUCTORY PROVISIONS

The parties recognise that:

- As of May 1, 2005, Statistics Norway holds the Copyrights and all Intellectual Properties Rights to those parts of the SNA-NT Software that has been developed by Collogia.

- Statistics Norway has granted the right to use the SNA-NT Software to the Czech Statistical Office.

- In accordance with the agreement between Statistics Norway and the Czech Republic - Czech Statistical Office of 15th July 2005 Statistics Norway as the sole owner of the software SNA-NT grants the right to develop and adjust this software only to Collogia.

§ 2

SUBJECT

The subject of this Agreement is regular monthly support of the SNA-NT Software as stated in Article 3 of this Agreement in the duration of up to 2 hours per month at the most.

More extensive work is treated as development. Collogia shall perform any development work on the SNA-NT SW (adapt SW to special Customer needs) only upon prior written agreement with the Customer that shall be concluded by the parties in accordance with the Customer's financial capacity.

Statistics Norway shall upon request receive a copy of the current version of the SNA-NT SW for its own use. Otherwise the Customer shall retain all rights to software developed by Collogia under this Agreement unless otherwise agreed to in writing.

The parties agree that Collogia shall perform development of the SNA-NT SW for the Customer for an hourly fee of € 60 including all taxes. This fee includes all expenses for the use of resources at Collogia's offices, and for Collogia's use of electronic communication from Collogia to the Customer. All other expenses must be approved by the Customer before they can be invoiced by Collogia.

§ 3

SUPPORT

By signing this Agreement, Collogia shall undertake to perform for the Customer the following tasks connected with the support of the SNA-NT Software:

- Distribute new versions of SNA-NT via E-mail to the Customer when such new versions have been developed.

- Distribute new versions of the documentation of SNA-NT via E-mail to the Customer when new versions have been developed.

- Inform the Customer when changes to SNA-NT are planned or being discussed.

- Adapt new versions of SNA-NT to fit the software (Oracle) environment in the Czech Statistical Office computers.

- Correct eventual errors found by the Customer in the SNA-NT that can disable proper calculations of variables.

- Reply to questions relating to Customer's use of SNA-NT.
