1. Based on the application of the LP in its latest version and the supplementing/amending documents in their latest version (altogether hereinafter referred to as “application documents”), in accordance with the decision of the Monitoring Committee of the programme (hereinafter referred to as MC), dated 16 March 2017 (and possible amending decisions) an earmarked subsidy is awarded to the LP for the project CE1001, Population based (transnational) monitoring, management and stakeholder involvement for the Eurasian Lynx affecting 3 Lynx Populations in the Central Europe Area from funds of the CENTRAL EUROPE CP.

	Maximum ERDF of funding awarded	Approved Total Partner Co-financing	Approved TOTAL ELIGIBLE BUDGET ¹	Grant rate of the funding
Sub-total for PPs inside the programme area	1.910.296,38 Euro (€)	408.487,56 Euro (€)	2.318.783,94 Euro (€)	82,38 %
Sub-total for PPs outside the programme area	0,00 Euro (€)	0,00 Euro (€)	0,00 Euro (€)	0,00 %
Total	1.910.296,38 Euro (€)	408.487,56 Euro (€)	2.318.783,94 Euro (€)	82,38 %

2. Grant rate of the funding is understood as being the percentage rate which results from dividing the funding awarded from the programme (ERDF funding) by the CENTRAL EUROPE eligible budget of the project (ERDF funding + national co-financing by CENTRAL EUROPE Member States). The grant rate can change in the course of the implementation of the project. However the maximum amount of ERDF contribution as approved by the MC cannot be exceeded.

The grant rate for the project is up to 80% of the eligible costs for partners located in the Federal Republic of Austria, the Federal Republic of Germany and Italy and up to 85% of the eligible costs for partners located in the Republic of Croatia, the Czech Republic, the Republic of Hungary, the Republic of Poland, the Slovak Republic and the Republic of Slovenia.

1. The subsidy is awarded exclusively for the project as it is described in the latest version of the application documents in accordance with the conditions set out by the MC. The application form and its annexes as approved by the MC form an integral part of this contract.

2. Disbursement of the subsidy is subject to the condition that the European Commission makes the funds available to the extent described above and that all applicable EU and national rules are observed by the Partnership. In case of non-availability of funds the MA cannot be deemed responsible for late or missing payments.

3. If the European Commission fails to make the funds available due to reasons that are outside of the sphere of influence of the programme, the MA is entitled to terminate this contract and any claim by the LP or the PPs against the MA for whatever reason is excluded. In such a case the LP will be duly notified by the MA and guided on the respective steps to be taken.

4. The LP accepts the subsidy and undertakes to carry out the project under its own responsibility as laid out in the European Structural and Investment Funds Regulations, delegated and implementing acts or the programme rules based thereon.

5. Should it become evident that the project will not spend the maximum amount of ERDF-co-financing awarded to it by the MC, the MC may decide to reduce the award accordingly following the procedure as specified in the programme Implementation Manual.

6. Disbursement of the subsidy is subject to the condition that this subsidy contract is signed by the parties to this contract.

7. In case one or more output and result targets, as set in the latest approved version of the application form, are not successfully reached, corrective measures may be put in place to ensure the project performance as well as to minimise the impact at programme level (e.g. adaptation of the project to the changed situation) following the procedures specified in the programme Implementation Manual.

8. In case a project fails to respect the contractual arrangements on timeliness, budget absorption and achievement of outputs and results, as defined in the latest approved version of the application form, the programme may also reduce the ERDF allocated to the project or, if necessary, stop the project by terminating the subsidy contract.

§ 4

Duration of the project and the contract

1. The project has a duration as provided for in the latest version of the approved application form.
2. Administrative duties of the LP and PPs related to the closure of the project will take place over a period of three months after the project end date specified in the latest version of the approved application form and unless differently agreed by the MA. Further specifications on project closure are laid out in the programme Implementation Manual.
3. Without prejudice to the provision concerning the implementation of the project and the eligibility of expenditure as well as to the rules governing State aid, this contract expires in accordance with obligations on availability of documents as defined in Article 140 of Regulation (EU) No 1303/2013.

§ 5

Eligibility of costs

1. Costs which qualify for a subsidy pursuant to § 2.1 of this contract shall exclusively consist of eligible costs as listed in the approved application form. The eligibility of costs for ERDF co-funding

is regulated in the European Structural and Investment Funds Regulations (Article 6 and Art. 65 to 70 of Regulation (EU) No 1303/2013, Article 18 of Regulation (EU) No 1299/2013), the Commission Delegated Regulation (EU) No 481/2014 as well as in the programme's eligibility rules as included in the programme Implementation Manual based thereon. All programme rules are published on the programme website.

2. The LP undertakes to carefully analyse and obey those eligibility rules and principles and to contractually forward this obligation to its project partners.

3. The non-compliance with the relevant rules could lead the programme authorities to take corrective measures and exclude from the project budget ineligible expenditure.

4. Requirements for the payment of the ERDF contribution of the Subsidy

1. The LP may only request payments of the ERDF contribution on behalf of the project by providing proof of progress of the project towards the achievement of the outputs and results as set in the approved application form, in compliance with the principle of sound financial management (as determined by the principles of economy, efficiency and effectiveness) and by demonstrating the utility derived from any purchases. To this purpose the LP has to present periodic progress reports and a final report to the MA via the Joint Secretariat (hereinafter referred to as JS) as described in § 7 of this document and the Implementation Manual.

2. Payment of costs claimed together with the above mentioned reports is made subject to the provision that the payment of the amount is due according to the schedule as mentioned in § 7.1 of this document and that the European Commission has paid corresponding amounts beforehand.

3. Furthermore, payment of funds is subject to the condition that the legality and regularity of activities underlying the expenditure declared can be sufficiently demonstrated as stipulated in the European Structural and Investment Funds Regulations, Delegated and Implementing Acts or the Programme rules based thereon and that all supporting documents and certificates necessary for the assessment of the MA/JS are submitted in due time.

4. The MA reserves the right not to accept – in part or in full – certificates of expenditure as described in § 8 of this contract if due to the results of its own checks and/or controls or audits performed by another authority such a certificate or the facts stated therein prove to be incorrect or if the underlying activities are not in line with the legal framework as set out in § 1 of this document. In such a case, the MA will either reduce the claimed certified amount, demand repayment of funds already paid out unduly or set them off against the next payment claim submitted by the LP, if possible. In compliance with Article 132 of Regulation (EU) 1303/2013, payments to the project can be suspended partially or in full in cases of suspicion of an irregularity. The MA or Certifying Authority (hereinafter referred to as CA) ² is entitled to withhold any ERDF payment to a particular beneficiary (LP or PP) or the project as a whole until all unclear issues related to the implementation, management and reporting are clarified.

5. The MA, through the JS, may request relevant information at any time. That information must be supplied by the LP within the demanded time frame. The LP will also provide information and/or requested documents to other programme authorities, courts of auditors or other control institutions acting within their respective sphere of responsibility.

6. In case of observations and/or reservations raised during the programme designation process as provided for in Art. 123 of Regulation (EU) No 1303/2013, delays in the said procedure, or in case of system errors detected within audits, the MA and CA also have the right to temporarily withhold payments. Payment suspension(s) shall be lifted as soon as observations and/or reservations raised by the relevant bodies have been withdrawn.

7. The CA ensures that the LP receives payments of the approved contribution from the programme in time and in full. No deduction, retention or further specific charges which would reduce the amount of the payment shall be made, without prejudice of provisions as above in this article. Opposite, the ERDF contribution paid by the CA shall not exceed the share of ERDF resulting from the eligible amount validated by each responsible control authority in compliance with § 8 of this document.

8. The disbursement of funds by the CA is subject to the provision by the LP of at least the following information³ : identification of national controllers (as referred to in § 8) of partners claiming costs, bank account of the LP, location of project documents at the premises of the LP and each PP, evidence of the occurred signature of the partnership agreement (as set out in § 10 of this document).

9. The funds will be disbursed in Euro (EUR; €) only. Any exchange rate risk will be borne by the LP. The subsidy will be transferred to the account as indicated by the LP in the supplementary information section of the application form. Whenever possible, this account should be of specific project use.

10. By paying out the subsidy according to this contract the MA fulfils its obligations resulting from the present contract.

11. In accordance with Article 13 (3) of Regulation (EU) No 1299/2013) the LP shall ensure that the PPs receive the total amount of their respective share of the ERDF as quickly as possible and in full. No amount shall be deducted or withheld and no specific charge or other charge with equivalent effect shall be levied that would reduce that amount for the PPs.

12. Payments not requested in time and in full or non in compliance with the payment schedule as indicated in § 7.1 and the overview table of reporting targets and deadlines annexed to this contract may be lost.

§ 7

Reporting

1. In order to demonstrate the progress of the project implementation as described in § 6.1 of this document the LP has to present periodic progress reports and a final report to the MA via the JS according to the timeframe indicated in the overview table of reporting targets and deadlines annexed to this contract. Changes of these periods require prior approval of the MA. Further details on the reporting procedures are specified in the programme Implementation Manual.

2. Each periodic progress report consists of an activity part and a financial part.

3. The final report is to be sent to the MA via JS at the latest three month after the project end date as mentioned in § 4 of this document and the overview table of reporting targets and deadlines annexed to this contract.

4. Further details on the contents of the reports and procedural rules are laid out in the Implementation Manual, the contents of which the LP accepts and contractually forwards to its PPs.

1. Each progress report submitted by the LP to the MA via the JS must be accompanied by certificates confirming the eligibility of expenditure, both at the LP and the PPs level, issued by national controllers as referred to in Article 23 (4) of Regulation 1299/2013 according to the system set up by each Member State and in compliance with the requirements set by the legal framework listed in §1 of this contract.

2. In cases of LP and PPs from countries having set a decentralised control system, the MA reserves the right, after agreement with the national responsible institution, to require that the controller directly selected by the LP or PPs is replaced if considerations, which were unknown when the contract was signed, cast doubts on the controller's independence or professional standards.

3. The LP notifies the MA, via the supplementary information section of the application form, the persons or institutions performing the control activities and ensures that they were selected in accordance with the system set up by each Member State and meet the requirements of qualification and independence presented in the programme Implementation Manual. In case a controller cannot be named before signing the subsidy contract the information has to be provided in the supplementary information section of the application form that forms part of the contractual relationship. Details about the notification procedure are laid out in the Implementation Manual, which the LP accepts and contractually forwards to its PPs.

4. Changes of address, changes of account number and changes of control authority/institution or name of controller(s) have to be duly notified following the procedure laid out in the Implementation Manual. Should the MA have any objections to the notified changes it may – after prior discussion with the national responsible institution – ask for replacement of the controller or the institution nominated.

1. Changes in budget allocations per budget lines, work packages and partner as well as changes in activities/outputs and project duration are allowed as long as the maximum amount of funding awarded is not exceeded, if provisions related to State aid discipline are respected and if they follow the conditions and procedures as set out in the Implementation Manual.

2. In the application documents the contribution of the LP and each PP are clearly defined. Changes in the project partnership require the prior approval of the relevant programme bodies as outlined in the Implementation Manual. However, once approved, they are valid retrospectively starting from the date when a written request was submitted to the JS.

Representation of the local government partner (Partner Institution)

4. The signature of the partnership agreement shall be demonstrated at the latest within three month after the entering in to force of the subsidy contract as laid out in the Implementation Manual. 5. The LP guarantees furthermore that it has complied with the legal framework according to § 1 of this contract and with all the relevant legal and other requirements under the law which applies to it and to the PPs and their activities and that all necessary approvals (e.g. building permissions, environmental impact assessment statements) have been obtained. The LP is obliged to contractually forward § 1 of this contract in its entirety to the PPs and to include all obligations as set out in this document into the partnership agreement.
6. The LP shall provide the PPs with all information and documents needed for a sound and legally correct project implementation including requirements related to communication and publicity.
7. In accordance with Article 13 (2) of Regulation (EU) No 1299/2013, the LP bears the overall financial and legal responsibility for the entire project and for the PPs. It will be held liable if obligations as laid out in this contract or in applicable European Union's or national laws are not fulfilled by the project partnership.
8. The LP is furthermore liable towards the MA for ensuring that all PPs fulfil their obligations. It is liable towards the MA for infringements by the PPs of obligations under this contract in the same way as for its own conduct.
9. If the MA demands repayment of subsidy funds in accordance with this contract, the LP is liable towards the MA for the total amount of those funds. The LP is entitled to ask repayment from its PPs as stipulated in Article 27 (2) of Regulation (EU) No 1299/2013.
10. The MA cannot under any circumstances or for any reason whatsoever be held liable for damage or injury sustained by the staff or property of the LP or one of its PPs while the project is being carried out. The MA can therefore not accept any claim for compensation or increases in payment in connection with such damage or injury.

11. The LP shall assume sole liability towards third parties, including liability for damage or injury of any kind sustained by them while the project is being carried out. The LP shall discharge the MA of all liability associated with any claim or action brought as a result of an infringement of rules or regulations by the LP or one of its PPs, or as a result of violation of a third party's rights.

7. The LP is responsible for ensuring the implementation of the entire project in observation of the rules and procedures set in the programme Implementation Manual (e.g. with regard to monitoring the project physical and financial progress, recording and storing of documents, written requests for project changes, implementation of information and publicity measures etc.) and for ensuring that the PPs are made aware of their obligations.
8. The LP informs the MA and JS immediately about all circumstances that delay, hinder or make impossible the realisation of the project as well as all circumstances that mean a change of the disbursement conditions and frameworks as laid down in this contract (e.g. loss of a project partner, making use of additional subsidies) or circumstances which oblige the MA to reduce payment or demand repayment of the subsidy wholly or in part.
9. The LP provides the MA and JS with any information requested without delay.

17. Furthermore, the LP agrees on behalf of all PPs, that the names and addresses of all project partners, the purpose and the amount of the subsidy may be used by the programme bodies in the framework of information and communication measures concerning the programme as well as reporting to the European Commission.

The amount to be repaid can be withdrawn from the next payment to the LP or, where applicable, remaining payments can be suspended. In case of closed projects, the LP is obliged to transfer the unduly paid-out funds to the MA. The repayment amount is due within one month following the date of receiving the letter by which the MA asserts the repayment claim; the due date will be stated explicitly in the order for recovery. In case of e-mail correspondence the relevant date shall be the date of sending the e-mail, regardless of the date of receiving any mails sent additionally in hardcopy version. If the letter is sent in a hardcopy version only, it is assumed that the mail is received three days after the date on which the mail was posted.

2. The ownership of outputs having the character of investments in infrastructure or productive investments realised within the project must remain with the concerned LP and/or PPs according to the timeframe as well as under the conditions set in Article 71 of Regulation (EU) No 1303/2013. Should any of the conditions set by the mentioned Regulation not be met at a certain point of time, the MA/JS must be immediately informed by the concerned LP or PP. The MA will recover the unduly paid ERDF contribution in proportion to the period for which the requirements have not been fulfilled.

3. The LP respects all applicable rules and the basic principles related to competition law as well as the principles of equal treatment and transparency within the meaning of the funding regulations and it ensures that no undue advantage, i.e. the granting of any advantage that would undermine the basic principles and political objectives of the funding regime, is given to anybody. Outputs and results, especially studies and analyses, produced during project implementation are made available to the general public free of charge and can be used by all interested persons and organizations in the same way and under the same conditions as by the LP or its PPs.

4. The MA reserves the right to use the outputs and results for information and communication actions in respect of the programme. In case there are pre-existing intellectual and industrial property rights which are made available to the project, these are fully respected.

5. Any income generated by the intellectual property rights must be managed in compliance with the applicable EU, national and programme rules on-revenues and state aid.

Earnings generated during the project implementation through the sales of products and merchandise, participation fees or any other provisions of services against payment must be deducted from the amount of costs incurred by the project in line with Art 61 of Regulation 1303/2013 and stipulations in the programme Implementation Manual. The LP undertakes to contractually forward these stipulations to its project partners

§ 17

Assignment, legal succession

1. The MA is entitled at any time to assign its rights under this contract. In case of assignment the MA will inform the LP without delay.
2. The LP is in exceptional cases and in well-founded circumstances allowed to assign its duties and rights under this contract only after prior written consent of the MA and the MC. The procedure will be further specified in the Implementation Manual.
3. Where according to national laws the legal personality does not change and where all assets of the LP or a PP are taken over so that a deterioration of the financial capacity of the acquiring institution is not to be expected (i.e. in cases of universal succession) prior consent by the MC is not necessary. The LP, however, will submit related information together with all documents that are necessary to analyse the legal case in due time to the MA/JS. If the MA/JS comes to the conclusion the conditions as stated above are not fulfilled (e.g. in cases of a singular succession), the LP will be informed that a partner change procedure as stated in § 17 (2) has to be initiated.
4. In case of assignment or any form of legal succession of a LP or PP the LP or PP concerned is obliged to assign all rights and obligations and all project related documents to each and any assignee or legal successor. Related reports to the MA/JS as requested in the programme documents have to be forwarded by the LP.

- f) the project outputs and results are not in line with those described in the approved application;
- g) the LP has failed to submit required reports (e.g. the progress reports according to the overview table of reporting targets and deadlines annexed to this contract) or proofs, or to supply necessary information provided that the LP has received a written reminder setting an adequate deadline and explicitly specifying the legal consequences of a failure to comply with requirements and has failed to comply with this deadline;
- h) the LP has infringed its duty to ask for prior written approval where indicated by this contract or in the programme Implementation Manual or has failed to immediately report events delaying or preventing the implementation of the project funded or any circumstances that mean a change of the disbursement conditions and frameworks as laid down in this contract;

- q) the LP and/or any of the PPs is in the situation of undertaking in difficulty, within the meaning of point 24 (in conjunction with point 20) of the “Guidelines on State aid for rescuing and restructuring non-financial undertakings in difficulty” (Communication No. 2014/C 249/01 of 31.07.2014) as well as in compliance with Article 3(3) d) of Regulation No 1301/2013;
- r) the LP has failed to fulfil any other conditions or requirements for assistance stipulated in this contract and the provisions it is based on, notably if these conditions or requirements are meant to guarantee the successful achievement of the programme objectives;

2. Prior to or instead of terminating the contract as provided for in this article, the MA may suspend payments as a precautionary measure, without prior notice. This measure shall be lifted as soon as the reasons for such measures cease to apply or requested proof can be furnished.

3. If the MA exercises its right of termination and the LP is demanded full or partial repayment of amounts already paid, the LP is obliged to transfer the repayment amount to the MA. The repayment amount is due within one month following the date of the letter by which the MA asserts the repayment claim; the due date will be stated explicitly in the order for recovery.

6. If the MA exercises its right of termination and the LP is demanded full or partial repayment of amounts already paid. Any delay in effecting repayment shall give rise to interest on account of late payment, starting on the due date and ending on the date of actual payment. The rate of the late interest applied to the amount to be recovered will be calculated in accordance with Article 147 of Regulation (EC) No. 1303/2013.

7. After termination of this contract, the LP's obligations (inter alia §§ 11, 12, 13, 18, 21) and liabilities remain.

8. Bank charges incurred by the repayment of amounts due to the MA shall be borne entirely by the LP.

9. If any of the circumstances indicated in the aforementioned point 1 of this paragraph occur before the full amount of subsidy has been paid to the LP, payments may be discontinued and there shall be no claims to payment of the remaining amount.

10. As laid out in § 3.3, the MA is entitled to terminate this contract if the European Commission fails to make the funds available due to reasons that are outside of the sphere of influence of the programme.

11. Any further legal claims shall remain unaffected by the above provisions.

§ 19

9. The present contract shall come into force upon signature of both parties to this contract.
