Odběratel: Biofyzikální ústav AV ČR, v. v. i. Královopolská 135 612 65 Brno DIČ: CZ68081707 IČ: 68081707	Příjemce: Biofyzikální ústav AV ČR, v. v. i. ***** Královopolská 135 612 65 Telefon: ***** E-mail: *****	Dodavatel: SEQme s.r.o. Dlouhá 176 263 01 Dobříš Česká republika IČ: 24312819 DIČ: CZ24312819 E-mail: *****
Nabídka č.: 17NA329 Datum zápisu: 19.12.2017 Platno do: 31.12.2017		

Vážený pane *****,
na základě Vaší poptávky Vám tímto nabízíme následující sekvenční služby:

Kód	Popis	Množství
LP-060	Total RNA or mRNA (polyA-selected) library - HiSeq	3 x
LP-070	RNA library including rRNA depletion - HiSeq	3 x
DS-100	HiSeq4000, single-end, 150 bp, 300-400 million reads per lane	1 x
Součet položek		157 024,79
NABÍDKOVÁ CENA CELKEM BEZ DPH		Kč 157 024,79

Nabídka zahrnuje: Výše definované sekvenční služby a dodání hrubých dat ve formátu FASTQ.
Nabídka nezahrnuje: Náklady na doručení vzorků, analýzu dat.

Termín provedení/dodání: Dohodou

Prosíme o uvádění našeho čísla nabídky/zakázky při veškeré korespondenci s námi.

Firma je zapsána v Obchodním rejstříku, vedeném Krajským obchodním soudem v Praze, oddíl C, vložka 195507.
Objednáním našich služeb nebo zboží souhlasíte se Všeobecnými obchodními podmínkami společnosti SEQme s.r.o. v platném znění, které jsou k dispozici na adrese www.seqme.eu.

QUOTE ADDENDUM**SAMPLE REQUIREMENTS**

When sending samples for Next-Generation sequencing service, you must follow our Sample Submission Guidelines (SSG). If the conditions set there are not met your samples may not pass our quality control, their sequencing analysis will not be feasible and/or will be delayed until new samples are provided or until we receive your consent to proceed with the existing material.

Please kindly notice that if your samples do not pass our quality control (QC), additional costs for steps taken may be charged. For libraries prepared using samples which have not passed our QC or if Ready-to-use libraries are supplied, the technical specifications quoted are considered invalid and if approved by you the service will be provided at your own risk and invoiced as quoted.

The sequencing service is carried out under S1 biosafety conditions. Biological samples submitted must comply with biosafety S1 classification.

TECHNICAL LIMITATIONS

Please be aware that due to certain technical limitations, there is always a risk that even when samples pass QC the technical specifications quoted (namely read length and number of reads) may not be achieved.

This is because the QC test only assess nucleic acid quantity, integrity and purity (to a certain degree) but does not assess other unrevealable factors that might negatively affect the outcome of analyses.

Similarly, library pooling is always performed with due care in order to achieve uniform read distribution but still the number of reads obtained per every pooled library may vary significantly.

BIOINFORMATIC SERVICES

Total processing time of a particular bioinformatic procedure depends heavily on amount and nature of analyzed data and analysis pipeline used and can only be estimated.

Data processing is performed with carefully chosen parameters and using the best suitable software. Any special request for using a particular software, setting specific parameters or deviation in analytic pipeline must be discussed and considered beforehand.

Data are delivered online via a secure access account unless USB disk (non-returnable) for data delivery is quoted.

DISCLAIMER

Prices in this quote are valid only if all samples are provided in sufficient quality and quantity within 6 months after we officially confirm your purchase order.

If total number of samples is not delivered within that timeframe we reserve the right to withdraw from the contract and charge 10% of the outstanding purchase order amount. We reserve the right to invoice steps taken for individual sample processing and/or partial data delivery.

Please notice that due to the fast technical development it might be possible that between our quote acceptance and project start (delivery of samples) technical specifications stated in the quote may change.

We reserve the right to perform sample analysis by means of employing similar services with comparable outcomes.

YOUR CONSENT

By ordering services quoted you agree to all terms and conditions listed.
