

Contract for Work

This document constitutes an agreement between **Institute of Organic Chemistry and Biochemistry, Czech Academy of Sciences, with the address: Flemingovo nam.2, 16610 Prague 6, Czech Republic** and **PolyPeptide Laboratories, Inc. with the address: 365 Maple Avenue, Torrance, CA, 90503, USA**. This Work Order has been written based upon the information provided by **POLYPEPTIDE** in their proposal QT-003486 enclosed herein as Appendix 1.

B.1 Project Information

- B.1.1 Name of Project: 50 gram manufacture or XXX peptide.
XXX
- B.1.2 Scope of Project: **POLYPEPTIDE** will manufacture 50 grams non-GMP grade XXX
- B.1.3 This Work Order will expire on June 25th, 2017 or until all Services are rendered and Deliverables provided to **IOCB**.

B.2 Project Specifications of Services and Deliverables

- B.2.1 Manufacture:
- B.2.1.1 **POLYPEPTIDE** will deliver 50 grams non-GMP grade of XXX.
- B.2.2 Analytical Specifications
- B.2.2.1 The non-GMP peptide will be provided with a Certificate of Analysis giving the following details:
1. ID: Mass Spectroscopy
 2. ID: Amino Acid Analysis
 3. ID: HPLC/UV method to determine Area% Purity
 4. Peptide Content by AAA
 6. Counter ion Content
 7. Water Content
 8. Mass Balance

B.3 Timing

- B.3.1 The estimated timing for this Project is end of December 2016 as prepared from the proposal attached as Appendix 1.

B.4 Budget (Compensation)

- B.4.1 **POLYPEPTIDE**'s entire Compensation for complete performance of this Project is set forth in this Section.
- B.4.2 **POLYPEPTIDE** will receive an amount totaling Forty-five Thousand dollars (\$131,000). The payment is due in full 30 days net on invoicing following QC release.
- B.4.3 Budget. The budget outlined below was prepared from the quotation attached as Appendix 1.

Activity	Pricing Details (USD)
Shipping Costs	1,000
5 grams non-GMP grade XXX	130,000
Estimated Total	131,000

B.5 Signatures

B.5.1 This Work Order is legally binding when, and not until, each party has executed it in a manner allowed by the Master Agreement.

Appendix 1

Dr. Zdenek Hostomsky
Director
Institute of Organic Chemistry and Biochemistry
Czech Academy

Proposal QT-003486 50grams and 350 grams non-GMP grade XXX

Dear Dr. Hostomsky,
Many thanks for your request for proposal for non-GMP grade XXX. The PolyPeptide Group has quite a bit of experience manufacturing XXX.

We are pleased to offer the following proposal.

XXX

Acetatem non-GMP grade
See attached provisional specifications
50 grams, \$2,600 per gram
350 grams, \$800 per gram

Please check the sequence for correctness and salt form. All values are given as gross weight.

Payment Conditions

Payment is due in full 30 days net on invoicing following QA release. Shipping and insurance are not included in the price and will be billed as separate items on the invoice.

If requested, the peptide may be stored in our GMP warehouse at no extra cost until called. Upon release and invoicing, title to all ordered peptide and risk of loss passes to the customer. You should ensure that you have insurance coverage for the product during storage and shipping.

Analytical Specifications

The non-GMP peptide will be provided with a Certificate of Analysis giving details of mass, purity, peptide content, counter ion, moisture, chiral analysis and mass balance.

Delivery Schedule

For delivery of XXX, please allow approximately 12 weeks. Delivery of the peptide is dependent on scheduling at time of receipt of PO and availability of raw materials. Please check with us at the time order for a more accurate delivery schedule.

This proposal is valid for 90 days. Please let us know if you have any questions, or If there are any additional issues to address. I can assure you that, if you do choose to work with us, you will be completely satisfied with the quality of our products, our service and our regulatory support. Thank you for considering PolyPeptide Laboratories. We look forward to working with you.

Best regards,

Trishul Shah, M.S.
Associate Director Business Development
PolyPeptide Group, North America
