Archival Access: During the term of this Agreement, Publisher will provide NTK and the Participating Institutions with access to current content published during the Agreement term in the journals in the Core Collection and retrospective content, generally back to 1997, depending on the start date of online publishing by Publisher, as well as tables of content, abstracts, full text and illustrations and any additional electronic journal content not included in the print versions of the journals, but not materials included in Backfiles.

Pricing:

(a) Year 1

- Core Collection Fee = 100% of current holdings value based on the current year full rate institutional online only price. Holdings are determined based on all full rate institutional subscriptions held by the NTK and the Participating Institutions in the year prior to the first year of the Agreement.

(b) Year 2 and subsequent years

Minimum fee to be paid in holdings	0.00 €

The NTK and the Participating Institutions may swap subscribed online journals in the Core Collection without penalty provided that such changes do not exceed 10% of the value of the total Core Collection for any calendar year. These changes will be reflected in amendments to this Appendix. Swapping will be accepted at the title level or for duplicate subscriptions. Swapping will only be accepted on a calendar year basis and Suweco must be notified of any changes in writing no later than the preceding October 15th. If a swapped subscription is not the only subscription to that Electronic Journal in the Participating Institutions's holdings, the NTK and the Participating Institutions will continue to have electronic access to that Journal. If a swapped subscription is the only subscription to that Electronic Journal in the NTK and the Participating Institutions's holdings, then the NTK and the Participating Institutions will lose access to the newly published content of that title permanently.

Publisher may, from time to time, cease publication of individual journals in which case the journal(s) will be removed from the NTK and the Participating Institutions's Core Collection, and the fees associated with the journal(s) will no longer be factored into the Core Collection Fee. Suweco will use the best effort to inform NTK about removed journals from Jan 1st to the 31st Dec of the previous year for the following year.

Except as provided above, the NTK and the Participating Institutions must maintain all online subscriptions in the Core Collection as set forth in the attached list (Appendix B.1.).

New Titles: New Titles can be added under the following terms and conditions:

NTK and the Participating Institutions may add new journals to their Core Collection at the full rate institutional online only subscription price.

Subscriptions to titles transferred into Publisher from another publisher will be added to NTK and/or Participating Institution's Core Collection in the first year of transfer if NTK and/or Participating Institutions have one or more subscriptions for the calendar (or subscription) year in which the title is transferred. Individually negotiated pricing for access to transferred titles will also be maintained by Suweco and Publisher, subject to the other terms of this Agreement.

SUWECO shall notify NTK about any such change no later than by December 31th of the year in which the title(s) are transferred. NTK reserves the right to delay any payment by the same amount of days the notice was delayed.

The title will be added to the Core Collection of particular institution at the current year's institutional online only price multiplied by the number of subscriptions held in the previous year only if the total increase of Agreement value does not exceed limits permitted by Czech Public Procurement Act (ie. total increase of Agreement value due to title additions only does not exceed original Agreement value by more than 10% and at the same time not more than by 3.8 million Czech Koruna excl. VAT). In such case the Agreement shall be amended to reflect the added value.

Payment for any additional core title values which would cause exceedance of abovementioned limits and thus breach of Czech Public Procurement Act will be agreed between Publisher, Suweco and NTK and/or Participating Institution(s) at the end of the current calendar year according to Czech Public Procurement Act. Suweco shall notify NTK that such exceedance may occur as soon as is practicable. Publisher accepts that an additional approval and separate public procurement processes may need to be undertaken by NTK and/or Participating Institution(s) to make payment provision for such additional fees and Publisher, Suweco and NTK and/or Participating Institution(s) will enter into this discussion on a good faith basis

Print Subscription Pricing:

NTK and Participating Institutions can purchase print subscriptions to Materials at a Deep Discount Rate for the Core Collection of subscribed journals and for journals in the Standard Collections.

The DDP rate is 15% for years 2018, 2019 and 2020.

In years 2021 and 2022 NTK and Participating Institutions will pay DDP fee which will be standing for these years.

This does not apply to:

- (a) Titles new to Materials unless subscribed to in the Participating Institution's Core Collection.
- (b) Titles not available via Materials.
- (c) Titles published in online-only format by Publisher. Print subscriptions available through any Print on Demand option are not eligible for a deeply discounted rate.

Standard Collections are defined herein as predetermined collections of the online editions of Publisher journals. The available Standard Collections are:

Full Collection

Scientific, Technical and Medical Collection

Medical and Nursing Collection

Social Sciences and Humanities Collection

The complete list of titles for Standard Collections is included in Appendix B.1. NTK and the Participating Institutions will obtain online access to unsubscribed Publisher journals (journals not included in NTK and the Participating Institutions's Core Collection) by licensing a Standard Collection.

Archival Access: During the term of this Agreement, Publisher will provide the NTK and the Participating Institutions with access to current content published during the Agreement term in the unsubscribed journals in the Standard Collection and retrospective content, generally back to 1997, depending on the start date of online publishing by Publisher, as well as tables of content, abstracts, full text and illustrations and any additional electronic journal content not included in the print versions of the journals, but not materials included in Backfiles.

Pricing:

(a) Year 1

- Standard Collection pricing will be calculated as a percentage of the current full rate institutional online only subscription price of the unsubscribed titles in the Collection. The percentage is set based on the NTK and the Participating Institutions's number of FTEs, and the value of the NTK and the Participating Institutions's Core Collection. For this purpose FTEs are defined as full-time equivalent students and academic faculty.
